**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher J. Daley-Watson on 01/19/2007.

The application has been amended as follows:

1. (Currently Amended) A method for presenting graphic and other information in a toolbar area of a browser, the method comprising:

providing a plug-in for installation in a browser, the plug-in stored on a computer-readable medium comprising programming instructions for:

displaying a user-selectable button in the toolbar area of the browser;

wherein the user-selectable button includes at least one of graphic information and a text label, the user-selectable button for directing a user to at least one web site corresponding to the text label; and

updating the graphic information and the text label dynamically based on a web site that is being accessed via the browser.

Art Unit: 2174

34. (Currently Amended) A system for presenting graphic and other information in a toolbar area of a browser, the system comprising:

a plug-in for installation in a browser, the plug-in stored on a computer-readable medium comprising:

means for displaying a user-selectable button in the toolbar area of the browser;

wherein the user-selectable button includes at least one of graphic information and a text label, the user-selectable button for directing a user to at least one web site corresponding to the text label; and

means for updating the graphic information and the text label dynamically based on a web site that is being accessed via the browser.

***Allowable Subject Matter***

Claims 1, 3-16, 22, and 34-48 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art either alone or in combination doesn't teach the limitation of a plug-in comprising programming instruction for providing graphic information in a toolbar area of a browser and updating the graphic information in formation dynamically based on a web site that is being accessed via the browser in combination with the other claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
